## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Union Street Charter (USC) is a unique K-5 school that balances arts and academics in a family atmosphere. The school began operation in August of 2006 and is housed on a rural campus that is an integral part of the surrounding community. It is within walking distance of Humboldt State University, the Arcata Community Center, a marsh and forest. We believe we are high performing in part because we attract highly qualified, dedicated and enthusiastic teachers, as well as invested parents and students from the surrounding communities. The teachers and principal collaboratively choose an engaging research-based curriculum. USC is a highly sought after school for multiple reasons: small class size (17 students), parent involvement, engaging academic content, and twice weekly instruction in Spanish, art and music.

The initial school years are crucial to a child's educational attitudes and future success in learning. We are committed to providing a nurturing environment and fostering high self-esteem and confidence. The students are part of a learning community that emphasizes collaboration, critical thinking, and creativity. Student success at Union Street Charter is based on academic growth, a well-developed sense of self worth, and a willingness to accept challenges.

At Union Street Charter, we believe in the unique value of each student, family, and teacher - both as individuals and as members of the school community. We work together to create an environment that minimizes the pressures of popular culture and the use of academic competition as motivation. Our ultimate aim is to turn a child's natural curiosity and desire to explore into a lifelong love of learning. We value the trust that families place in us, as we guide students toward a deeper understanding of themselves and the world around them.

#### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

California Charter Schools are not required to use materials adopted by the SBE. Union Street Charter uses Everyday Math in all grades (SBE adopted).

Union Street Charter has a rich and diverse curriculum. Our highly qualified and inspired teachers emphasize an interactive approach to language arts, social studies, science, and math. In addition, talented and experienced, art, music and Spanish teachers lead twice weekly classes in all grades. Physical education, computer literacy, drama, camping, backpacking, positive social skills, and cultural events, supplement the core curriculum throughout the school year.

## School Facility Conditions and Planned Improvements

Our commercial kitchen was updated with new vinyl flooring, cabinets and counter tops in August 2013. Six outdoor picnic tables were replaced in August 2013. Second grade classroom expansion was completed in August 2014. Blinds were added to classroom windows for safety during lockdown drills in 2017. The electrical panel, the heaters and the main playground equipment were replaced in 2018 and 2019. New fencing and driveway paving were completed in 2020. Hazardous trees were removed in 2021 and 22. Two sections of the roof were replaced and solar panels were added in 2022. School grounds are maintained by Arcata School District personnel, by parent volunteer work parties, and by staff. Cleaning and maintenance is done by Arcata School District staff.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	83	N/A	51	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	85	N/A	39	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents are partners in the school community and have the opportunity to serve on the board of directors, the Site Council and Advisory boards. They participate in annual LCAP stakeholder parent meetings and provide input through yearly parent surveys. Parents volunteer in classrooms, participate in field trips, consult with teachers on student progress, volunteer for projects, participate in school social events, and support the school with donations of time, talent, and dollars for special events.

## 2021-22 Chronic Absenteeism by Student Group

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.00	1.49	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

A school safety plan exists for all disaster/lockdown situations. The Union Street Safe Schools Plan was reviewed and revised in February and the plan is updated as needed. The crime rate in the community around Union Street Charter is very low. We have had very few incidents of vandalism over the years. Disciplinary suspensions average 0 to 3 per year. The entire school campus is visible to the principal's office and to several classrooms. The staff reviews and enforces school rules to ensure a safe learning environment.

## 2021-22 Types of Services Funded

Union Street Charter provides special education services for students with health impairments, specific learning disabilities and with speech IEP's. These services are funded through the local SELPA and from the general school budget. Charter School funding includes an LCAP plan that supports our programs including art, Spanish, and music. We currently have 40% socioeconomically disadvantaged students for whom we receive concentration funds that are used to increase classroom aides and provide lunch service. We started receiving federal Rural education funding in 2016-17, which provides opportunities for our students to have more experiences through field trips. Title 1 provides student intervention in English Language Learning, math and language arts, while Title II is for professional development of teachers. Title IV funds support teacher training and intervention.

## Professional Development

The primary areas of staff development were informed by input of stakeholder groups and by staff interest and discussion. The major area last year was fostering student engagement through zoom and other online platforms. On our inservice day 11/1/21 we learned about trauma informed practices for working with youth from our school counselor. This year the teachers are all completing a Harvard course on fostering meaningful student questions. They will put it into practice and observe each other teaching in December.

Professional development is delivered in minimum day seminars, half day and all day in-service sessions, and through webinars, conferences, and peer or principal mentoring. Teachers are supported by allocating time for staff development, principal and peer collaboration, and substitutes for teachers to attend webinars and conferences.

This table displays the number of school days dedicated to staff development and continuous improvement.
