Why Choose Union Street Charter?

Union Street Charter has a rich and diverse curriculum. Our highly qualified classroom teachers emphasize an interactive approach to language arts, social studies, science, and math. Supplementing the core curriculum are Art, music, drama, physical education, computer literacy, positive social skills and cultural events. Camping and backpacking help to build the class culture. We believe in the unique value of each student, family, and teacher - both as individuals and as members of the school community. We work together to create an environment that minimizes the pressures of popular culture and the use of academic competition as motivation. Our ultimate aim is to turn a child's natural curiosity and desire to explore into a lifelong love of learning.
