

USC Social Responsibility Commitment

As members of the Union Street Charter community, all of us have a responsibility to ourselves and each other to maintain a healthy and safe environment during the pandemic. That is why families are being asked to make the Social Responsibility Commitment (SRC).

The SRC is also a reminder of individual accountability. Our actions can have significant effects on ourselves, our loved ones, and staff, and could lead to the shutdown of in-person learning. Please take a moment to carefully read the SRC below:

Our family understands that we are expected to follow USC guidelines for protecting ourselves and the campus community during this pandemic. We will do our part to make our campus a safe and healthy environment.

- We will follow all current precautions regarding travel, exposure, gatherings, quarantine, etc. as dictated by county and state public health officials.*
 - **If we are unable to follow those precautions for any reason, we will quarantine for 10 days prior to returning to campus.**
- We will perform daily wellness self-checks and symptom checklist before coming onto campus.
- We will stay off campus if a family member is sick or if we have been in contact with someone with COVID-19.
- My child/ren will wear a face covering any time they are on campus, per state requirements.
- My child/ren will follow instructions for cleaning and hygiene on campus. My child/ren will wash their hands frequently with soap and water. When soap and water are not available, they will use hand sanitizer.
- My child/ren will practice social distancing as requested by USC staff members.
- We will promptly follow directions from Humboldt County Public Health (related to travel, testing and contact tracing).

Thank you for adhering to the Union Street Charter Social Responsibility Commitment. Be safe and be healthy.
